## STORY

The evil newspaper reporters are out for a 'scoop' and have sent an army of 'nasties' to stop our hero from proving the safety and reliability of his C5 electric car.

You have been chosen to drive the C5 in the British cross-country finals. You will need all your skill and nerve to complete the 41 stage course and finish in 1<sup>st</sup> position, thus ensuring our hero the front page story he deserves rather than the 'scoop' the newspapers would like to print.

## CONTROLS

**1** = Slow left

**0** = Slow right

**2** = Fast left

**9** = Fast right

**1 + 2** = Very fast left

**0 + 9** = Very fast right

**Space Bar** = pedal faster

There are two levels of play:

**Learner** If you crash, you lose one of your four lives and are returned to the previous screen.

**Poser** In this mode, a crash will not only result in the loss of a life, but you will also be returned to the start. (Screen 1). This mode is also slightly faster.

The main object of the game is to complete the 41 screens and 4 **BONUS** screens and finish in 1<sup>st</sup> position. Your finishing position is given at the end of the game **ONLY** if the course has been completed.

**REMEMBER:** It is important to pedal to attain 1<sup>st</sup> position on finishing the course. – **GOOD LUCK.**
